

CONFERENCE PARTNERS' SCHEME

EFTA2022 offers an extensive sponsorship scheme.

Official partners are invited to support the Organizing Committee to create a successful conference and –at the same time- to benefit from brand awareness and contacts throughout the meeting.

We have designed different partnership options so you can choose what would best promote your company/institution.

❖ **SPONSORING/ADVERTISEMENT OPTIONS**

Mark your company's presence in the conference with some low budget but high efficiency options. You can also consider covering a coffee or lunch break, a special event, accessory for participants or any other need of the conference.

There is a wide array of benefits to sponsorship/advertisements options: logo placement in printed material, roll up banners in the conference venues, brochure placement in the conference bag are some of our suggestions. For higher sponsorship/advertisement levels, we will be happy to discuss your preferred tailored benefits.

❖ **EXHIBITION**

A wide exhibition will take place in the heart of the EFTA2022 conference. Choose the booth that best suits the needs of your company and find yourself among 1500 participants attending the conference. All companies or institutions that are part of or somehow linked to the systemic sector, or wish to support systemic thinking and approach in Europe, or publish books related to the psychological/therapeutic sector are encouraged to exhibit at the conference. Among the others, one representative of the exhibiting company will benefit from free, full access to the conference (no proceedings included in conference material provided).
